BITS, miles ahead...

Since 1993, BITS has been the obvious choice for most discerning businesses. Over 1600 customers spread across 20 countries have relied on our experience, expertise and thought leadership in the domain of translations and other language services.

Today, we have broadened our service portfolio to include the entire range of services you will need to engage with your customers and stakeholders across geographies.

- **Single-window service**

A unique company that offers a comprehensive range of Language and Technology solutions under one roof

- **Pan India and Overseas presence**

Offices in Bangalore, Chennai, Delhi, Kolkata, Mumbai and Pune and representations in France, Germany, the U.K. and the U.S.A.

- **Globally accredited**

Overseas Member of the Association of Translation Companies (ATC), UK. Network Member of the European Union's Associations of Translation Companies. Full Member of the Globalisation and Localisation Association (GALA), USA. ISO 9001:2008 (TÜV Austria) certified. Self-declared compliant with BS EN 15038

- **Unique service model**

Over 150 in-house translators, reviewers, programmers, coders, testers, designers, project managers and support staff across offices, assisted by over 200 associates globally

- **Complete confidentiality and data security**

Access Controlled offices, Client-Server Architecture, secured FTP, proprietary Project Management Tool, employees bound by stringent NDAs and NCAs

- **Torchbearer of the language industry in India**

Instituted India's first Language Industry Awards, Scholarships, Internships, free language training, CSR for the language industry

Services

There are plenty of Language Service Providers and IT companies to choose from but, very few are capable of offering both language and technology solutions under one roof. This is our biggest market differentiator. Benefit from our comprehensive language and technology solutions to take your business to the next level.
